

COVID-19 | Business continuity message

Our number one priority is to maintain our commitment to our clients, whilst looking after the health of our employees and their families.

Any team member who is worried that they have symptoms of Coronavirus (COVID-19) will be encouraged to stay home in line with the latest Government guidelines. All our staff will have paid sick leave, including those who are self-isolating.

If any member of our team needs to work from home during the coming months for personal reasons, we have measures in place for them to be able to do this. They will always be contactable and our service to our clients will remain seamless.

In the event of a member of staff becoming ill, another member of staff will be able to pick up their work.

We will continue to monitor the ever-changing situation to ensure that we are taking all precautions to protect our clients and colleagues.

We will remain open for business and your priorities remain ours.
